

BIG DATA NEUROSCIENCE WORKSHOP

September 19-20, 2019, University of Michigan, Ann Arbor, MI

- Keynote Speakers
  - Russ Poldrack - Stanford University
  - Tristan Glatard - Concordia University
  - Jack Van Horn - University of Southern California
  - Jessica Turner - Georgia State University
  - Cindy Lustig - University of Michigan
- Data Sharing Initiatives
- Demonstration of Neuroscience Computational Platforms
- Reproducibility Best Practices
- Learning Environment for Students and Early-Career Researchers

Connect with the Advanced Neuroscience Network community

Discover data sharing best practices & reproducibility through analysis pipelines

Learn about protocols, computational platforms and services

Over 60 NSF-Funded Student Travel and Accommodation Scholarships!
