York CVR-VISTA
Vision Science Summer School
June 8 - 12, 2020

The Centre for Vision Research (CVR) in partnership with Vision: Science to Applications (VISTA) at York University in Toronto are pleased to offer a one-week, most-expenses-paid* undergraduate summer school on vision science.

The program includes talks by CVR faculty on current research topics in vision science, as well as hands-on experiences in CVR laboratories. The curriculum reflects the wide range of research areas at CVR, which includes research on human visual perception, computer vision, machine learning, visual neuroscience, 3D film, immersive environments, and disorders of vision.

This program is designed for undergraduate students who are interested in going on to graduate school to study vision science.

For application instructions and further information, please visit https://cvrss.info.yorku.ca.

Application deadline is

February 17th, 2020, at 11:59pm.

For more information write to cvrss@yorku.ca.

*We cover economy-class airfare / train / bus costs, taxis to and from airports, your on-campus accommodations, and breakfast and lunch on all program days. Dinners and social events are not covered.
