APPLICATION WINDOW

Open July 21st, 2021 through Wednesday, Sep 1, 2021 at 11:59pm (Pacific Time)

POSITION DESCRIPTION

The HIPLab (Human Information Processing Lab) in the UCI Department of Cognitive Sciences seeks a Postdoctoral Scholar to work with Professor George Sperling on projects in visual attention and visual motion perception.

Candidates must hold a fully completed Ph.D. in Cognitive Sciences or a related field and have experience with psychophysics and modeling approaches. Candidates should possess strong computational skills and have experience with Matlab and Psychtoolbox (preferred) or with equivalent programming and display languages. More information about the work in the lab can be found at: <http://www.cogsci.uci.edu/~whipl/>

Salary is commensurate with experience and qualifications. This full-time position has an anticipated start date of October 1, 2021, contingent on available funding. The initial position will be for one year, with the possibility of renewal based on job performance and availability of support.

Completed applications must be submitted electronically through <https://recruit.ap.uci.edu/JPF06980> and must contain:

- 1) Cover Letter
- 2) CV
- 3) Statement of Research
- 4) Inclusive Excellence Activities Statement - Statement addressing how past and/or potential contributions to inclusive excellence will advance UCI's Commitment to Inclusive Excellence. See our guidance for writing an inclusive excellence activities statement: <https://ap.uci.edu/faculty/guidance/ieactivities/>
- 5) Contact information for two references

Lab: <http://www.cogsci.uci.edu/~whipl/>

Department: <https://www.cogsci.uci.edu/>

QUALIFICATIONS

Basic qualifications (required at time of application)

Must hold a fully completed Ph.D. in Cognitive Sciences or a related field and have experience with psychophysics and modeling approaches.
