- Space perception
- Multisensory perception

Vision Research: From Picture to Reality, from Observer to Agent

The CVR conference 2022 will connect the long history of picture perception with new display technologies that blur the differences between pictorial representations and the reality of the world that they attempt to depict.

The program will be complemented by lab visits, poster sessions, industry exhibitions and presentation, and a banquet in honour on outgoing CVR director Laurence Harris.

Confirmed session speakers include: Dora Angelaki, Marty Banks, Michael Barnett-Cowan, Jenny Campos, Craig Chapman, Jody Culham, Gabriel Diaz, James Elder, Marc Ernst, Elisa Ferrè, Gabriel Greenberg, Heiko Hecht, Hong Hua, Ludwig Huber, Michael Jenkin, Markus Lappe, Paul MacNeilage, Austin Roorda, Mel Slater, Charles Spence, Frank Steinicke.

Preliminary schedule:
