

CVR - VISTA
Vision Science Summer School
July 10th - 14th, 2023

Join us at this **free** world-class **vision-focused summer school program** for undergraduate students from around the world.

The program includes:

- Talks by world-renowned faculty
- Tours of our labs
- Hands-on research work
- Opportunities to interact with our faculty and grad students
- Social events with your fellow students
- A certificate of completion

Our curriculum reflects the wide range of research areas at CVR, which include:

- ◆ Human visual perception
- ◆ Machine learning
- ◆ 3D film
- ◆ Disorders of vision
- ◆ Philosophy
- ◆ Computer vision
- ◆ Visual neuroscience
- ◆ Immersive environments
- ◆ Media Arts
- ◆ and more...

To apply, please visit:
